

Top 5 Ways Endpoint Management Makes IT Work Easier

Without an endpoint management solution, every day in IT feels like putting out fires with a leaky bucket. But with a powerful endpoint management solution like Datto RMM, chaos turns into efficiency, peace and even lunch before 3 p.m. Here are 5 ways Datto RMM makes endpoint management smoother.

SECURITY FOR ENDPOINTS

Keep threats out, stay in control

Datto RMM acts like noise-canceling headphones for cyberattacks – blocking ransomware, automating patching and giving you control over Microsoft 365 from one platform.

59%
Companies that were hit by ransomware in 2024.

TIME-SAVING DASHBOARDS

Less clicking, more coffee

Saved each week by IT professionals using automations at work.

Datto RMM gives you one clean dashboard that pulls everything together, shows you what needs attention and cuts down hours of busy work.

ZEN AND THE ART OF ENDPOINT MANAGEMENT

Less stress, more work-life balance

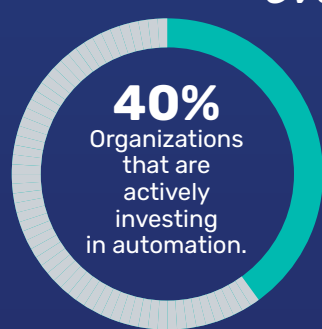

With automation and deep integrations built in, Datto RMM does the heavy lifting so you don't have to. Experience fewer after-hours emergencies and more time for, well, life.

69%
IT professionals who regularly work weekends or holidays.

YOUR OFFICE, ANYWHERE

Fix issues from anywhere, even the couch

Datto RMM lets your team solve problems remotely with powerful monitoring and automation. No more desk-side marathons, just fast fixes, wherever you are.

PROACTIVE PATCHING

Patch today or panic later

Datto RMM automates patching across all your devices, so you're not stuck doing it at 2 a.m. Stay compliant, reduce risk and keep your nights quiet.

32%
Ransomware attacks that started due to an unpatched vulnerability.
