## Grid® Report for Server Backup | Spring 2025

Grid® Report for Server Backup | Spring 2025 is based off of scores calculated using the G2 Grid® algorithms from reviews collected by February 25, 2025.

It is the first backup that I have used that actually works consistently and I am not needing to step in and fix a backup. **The support from Datto is unreal.**

G2 Reviewer

**95%** of users rated it 4 or 5 stars

Total BCDR solution in a box that is easy to install, configure, manage, monitor, and recover from (when needed). **Innovative product that continues to improve and integrates well** with other Kaseya solutions. Good customer support when needed.
